

Public consultation on land north of Hare Street Road

Taylor Wimpey

BUNTINGFORD & PUCKERIDGE
MEDICAL PRACTICE

Taylor Wimpey and Buntingford Medical Practice are bringing forward proposals for a new mixed-use development on land north of Hare Street Road in Buntingford.

The development will provide a new doctor's surgery, which will form a key part of a new community in the east of the town, along with much-needed high-quality new homes. The proposals would provide a number of benefits, including:

Providing a new fit for purpose, modern, future-proofed surgery that extends the range of services provided to the Buntingford community and will be delivered prior to the new housing.

Delivering up to 200 new homes, including a variety of housing types, to help meet local needs.

Establishing a network of accessible public open space to enhance the natural landscape.

Creating an accessible new community that promotes active travel, connects to existing amenities and respects neighbouring residents.
